4 IN A ROW

Materials:

- 2 players
- 4 in a row board
- markers in 2 colors
- 1 numbered die

Directions:

- Roll the die
- Read a word in a column headed by the number rolled
- The object of the game is to get 4 chips/markers in a row, vertically, horizontally, or diagonally
- Part of the strategy can be to block the other player!

Variations

1. “No Mercy !” - players must read the word correctly on the first attempt (immediate self-corrects count as correct)
2. Play for 3-in a row when short on time
3. Play without die: must read word correctly on first attempt
